Residents Favor Parking Control

The parking situation at Bay de Noc Community College and at St. Francis Hospital, a source of annoyance to residents of the area, has been the subject of study by the Escanaba City Council and the Safety Committee.

"This past week, we had the police survey the property owners along 8th Ave. S., from 10th St. to 13th St. in regard to the no parking restrictions that were recommended by the Safety Committee and concurred in by the Council last winter," reports City Manager George Harvey.

"The majority were favorable toward this no parking restriction and, therefore, the signs were erected."

"We have approached the authorities of the Community College urging them to secure the cooperation of all personnel at the College to utilize the parking facilities that exist around the tennis court west of the College," Harvey continued.

"We realize that this will not take care of each and every one but it certainly will alleviate the problems we're having on the streets around the College as well as around St. Francis Hospital. With the College and the Hospital relatively close to each other, we have been receiving many complaints from the citizens in the area of the fact they are unable to park at their homes because of the employees and visitors to the hospital, and students and faculty at the College utilizing these spots," the city manager reported to the City Council.

Harvey noted that the problem is no different than that adjacent to the central business district with restrictive parking in effect—"it is forcing employees and others to park close to their employment as possible."

"We hope the Safety Committee and the Planning Commission will take these problems under study because something must be done to correct this situation," Harvey concluded.

Gun Club, Farm Are Entered

Breaking and enterings at the Mead Rod & Gun Club and at a farmhouse near Rock are under investigation by State Police.

Troopers said a quantity of change was taken from a pop machine at the Rod & Gun Club after entry was gained to the building by forcing the back door. A bottle of liquor and a bearskin rug were reported missing from the farmhouse, which is owned by Herbert Westlund, Rock, officers reported.

Traffic Deaths Up 5 Per Cent

CHICAGO (AP) — Traffic deaths in the United States for the first seven months of 1968 were up 5 per cent over the same period last year, the National Safety Council reports.

The council said Monday 29,950 Americans died from January through July of this year. But the council also said traffic volume increased substantially and that helped reduce the fatality rate per 100 million miles from 5.2 for the 1967 period to 5.1 for this year.

Houston, Los Angeles, Chicago and Philadelphia had the lowest death rates for cities with more than one million population. Houston recorded 2.6 and the other three cities had 3.3 each.

Briefly Told

Order of Runeberg will meet at 7:30 p. m. Thursday at the VFW Hall. Lunch will follow the meeting.

Boy Scout Troop 405, Soo Hill, will meet at 7 p.m. today at the Soo Hill school. All boys in the Soo Hill-Danforth area age 11 or older are welcome.

The Delta County Young Republicans will hold a regular meeting tonight at 7 at the Republican Headquarters. All interested persons are urged to attend.

Bay de Noc Encampment 174, Odd Fellows, will meet at 8 p.m. Wednesday at the IOOF Hall for transaction of important business. All members are urged to attend.

A toolbox was stolen and windows were broken in a Delta County Road Commission dragline shovel located in a gravel pit about one mile north of Rapid River, State Police reported. Officers are investigating.

Forest D. Salo, Rte. 1, Ishpeming, and Jeffrey Dulany, Ishpeming, both 18, were charged by State Police with being minors in possession of beer Monday. Officers said Salo's car was stopped on U.S. in Wells Township. The youths are scheduled to appear before Justice Ross Davis of Gladstone. Salo also was cited for speeding. Troopers also issued traffic summonses to Edward Beaman Jr., 560 S. 13th St., Escanaba, for speeding, and Francis Smith, Wilson, driving while license suspended.

Safety Afloat:

Nautical Charts Being Updated

Each three years the nautical charts of the Great Lakes and their connecting waterways are updated by the Department of the Army, Corps of Engineers, Lakes Survey District, Detroit.

Thus the safety of shipping is made more secure and the enormous marine traffic of the Great Lakes moves with greater assurance and speed—and even the owner of a yacht or other pleasure craft knows that he can trust the information on the charts that he consults on his summertime cruise with his family.

The Great Lakes Revisory crew is now in Escanaba and will go from here to Manistig soon to continue its 1968 field operations on Lake Michigan.

William J. Monteith, engineer in charge of the Revisory Section, said the work began this year on April 15 to update the nautical charts of the Detroit River, Lake St. Clair, the west end of Lake Erie, and Lake Michigan.

Accurate Charts

"Because of the many man-made and natural changes constantly occurring around the Great Lakes, it is necessary to regularly make surveys in order to provide the most accurate charts possible to both commercial and recreational navigation," Monteith pointed out.

The Revisory Section consists of 10 men, some of whom work ashore and others aboard the 54-foot all-welded steel-hulled survey vessel "Laidly", which is equipped with the latest electronic depth recorders, and is being used to accurately check the harbor depths. Shoreline features, names of waterfront businesses, and many other charted features are visibly observed for changes.

"Much of the preliminary chart revision work is being done in the 30-foot office trailer headquarters of the Section parked here (as in most communities) at the local Coast Guard Station," Monteith said. "We welcome visitors and will be glad to answer questions about the work being done or about other Lake Survey activities."

Projects Planned?

The 54-foot "Laidly" is scheduled to return to Escanaba from Menominee on Wednesday, and the tentative schedule is to leave for Manistig on Wednesday also. The "Laidly" is one year old.

One of the control surveys was at Cedar River south of Escanaba, where shore elevation marks are being established, a project generally preliminary to the development of shore installations. Plans have been announced for a proposed small craft harbor of refuge at Cedar River and the surveys indicate the possibility that the project is nearing the federal funding stage.

The present visit of the Lake Survey is also providing elevation marks at Kipling, indicating the possibility of future works along the shore line in that area, Monteith said.

The Lake Survey crew moved into Lake Michigan in May and has worked its way around the shore beginning at Chicago and thence to Milwaukee and Green Bay. The work is expected to be completed at Pentwater on Oct. 11 before the crews return to make a final check at Port Huron and Detroit.

School Board Meeting Moved

The Escanaba Area Board of Education, anticipating a large turnout for its regular meeting at 8 p. m. today because of the student transportation issue, has shifted the meeting to the Escanaba Area High School auditorium.

Meetings normally are held in the school administration building, but the meeting room can accommodate only about 40 persons.

Board of Education President Richard Hansen, Wells, announced the change today.

Transportation of students is one item scheduled for discussion by the school board.

A committee of rural parents is expected to appear before the board to urge resumption of bus transportation in the district. The Board of Education eliminated transportation in a major cutback of school program after its millage proposal was defeated Aug. 19.

Persons attending the meeting tonight should use the west parking lot at the high school.

Horse Show Set At Fairgrounds

The Silver Spur Saddle Club will put on its 9th annual horse show Sunday at the U.P. State Fairgrounds beginning at 10 a.m.

The morning program features halter classes, while events of the afternoon will include Reining Class, Western Pleasure Riding, Barrel Race, Ring Sparing Race and Monkeys Tire Race. This will be the first time that Reining Class and Ring Sparing have been included in the local show events.

Riders will be divided into Juvenile, Junior, Senior and Veteran classes. Show events will be judged by Mark Grafmeyer of De Pere, Wis.

The show is the last show of the year recognized by the Upper Peninsula Horsemen's Association. Points won will be counted toward the U.P.H.A. yearly trophies, and officials expect top riders and horses of the U.P. and Northern Wisconsin will compete. More than 140 riders are expected.

Speed events will be timed by an electric timer. A small entry fee will be charged. Lunch and soft drinks will be available on the grounds.

The Silver Spur Saddle Club is the oldest organized saddle club in the U.P. and has put on more shows than any other club in the U.P.H.A. The public is welcome.

The new officers will take office at a special ladies night program being planned for early October.

Program Monday featured impromptu talks by Damse and Tom McDermott, past president, on the subject of "A Most Embarrassing or Humorous Incident That Took Place During The Summer." Toastmaster was Jim Wren, while Chase handled the Table Topics.

Ruffed Grouse Hunting Season To Open Sunday

The ruffed grouse (partridge) hunting season in the Upper Peninsula opens Sunday, Sept. 15, conservation officers said today.

Robert Timmer, Escanaba district law supervisor, said the season runs through Nov. 14 with a bag limit of five birds a day and 10 in possession. The season limit is 25, he said.

Shooting hours will be from 6 a.m. to 7 p.m. CDT.

Hunting of woodcock also will open Sunday and hunters were reminded to abide by migratory bird shooting hours. The duck season opens Oct. 10.

Limits on woodcock are five per day and 10 in possession.

Goodell Named To RFK Post

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller today appointed U.S. Rep. Charles E. Goodell, a fellow Republican, to fill the Senate seat of the slain Robert F. Kennedy, a Democrat.

Rockefeller called the appointment an enormously difficult decision.

Rockefeller had singled out praise during the Republican Convention this year and had applauded him for Work in drafting the party's 1968 platform.

Goodell, of Jamestown, N.Y., is a nine-year veteran of the House.

New York election law allows the governor to pick a successor to fill out the term of a senator whose seat becomes vacant. Kennedy's term ran to 1971.

Lloyd Haglund Taken By Death

Lloyd A. (Friday) Haglund, 72, of 520 Montana Ave., Gladstone died Monday at 7 p.m. at St. Francis Hospital where he had been a patient for six days. He had been in failing health for the past year.

He was born Feb. 2, 1896 in Gladstone and married the former Hortense Christoff of Rapid River July 6, 1920 in Escanaba. Mr. Haglund was a veteran of World War I, a member of the August Mattson American Legion Post of Gladstone and was a retired employe of the Marble Arms Co.

He is survived by his widow; three sons, Harold of Van Nuys, Calif., Alden of Romulus, Mich. and Glenn of Caspian; three daughters, Mrs. Edward West of Chicago, Mrs. Rudy Gasperich of Broadview, Ill. and Mrs. Phillip Roland of Jefferson Town, Ky., 15 grandchildren; one sister, Mrs. Louis Christenson of Racine, Wis., and four brothers, Ernest of McHenry, Ill., Edward of Racine, and Carl and Harry of Gladstone.

Friends may call after 3 p.m. Wednesday at the Skradski Funeral Home and funeral services will be conducted at 11 a.m. Thursday at the funeral home chapel with the Rev. Reuben Carlson officiating. Burial will be in Fernwood Cemetery. Military rites will be conducted by the August Mattson Post.

League To Host Region Workshop

The League of Women Voters of Escanaba will host members of Leagues from the Upper Peninsula at a regional workshop Wednesday, Sept. 18 at the city's new recreation building.

In addition to the Escanaba unit, there are units in the Copper Country, Sault Ste. Marie, Les Cheneaux Area, and a recently organized league in Iron County. Interested women in the Marquette area are also expected to attend.

State officers and directors will conduct the all day session, reports Mrs. William Taylor, Escanaba League president.

Topics for the day's program include meetings and discussions on Michigan courts, human resources, foreign policy, water resources, and membership.

Berkeley Integrates All Its City Schools

BERKELEY, Calif. (AP) — The public schools of Berkeley become fully integrated today as the city starts busing some 3,500 grade school children up and down the hills, to and from Negro and white neighborhoods. The children will be carried in 25 buses.

"We consider this the first and most thorough of all school integration systems of significant size in the country," said Dr. Dan Freudenthal, coordinator of research and publications for the Berkeley Board of Education.

Berkeley, home of the University of California has about 110,000 residents.

Junior and senior high schools were integrated in Berkeley four years ago. Controversy that ensued at the start of desegregation plans has been overcome, Freudenthal said.

Some 9,000 grade school children attend Berkeley schools—41 per cent Negro, about 50 per cent white, the rest Oriental and other races. Ultimately, all the pupils will be involved in the busing, since during some periods the children will live close

enough to their assigned schools to walk, while at other times their schools will require a bus.

At the start of their school careers, the children of all races will attend the 11 elementary schools in the Berkeley Highlands.

From the fourth through sixth grades, the pupils will be bused to schools in the Negro sections in the flatlands.

The interest generated by the Berkeley grade school integration plan created a special situation for opening day.

Reporters were permitted to

ride on buses with the children, enter schools, check in with principals and talk to teachers in class.

Eight months were spent preparing the system's 397 teachers for the change, and readying the community for the system.

Freudenthal said problems are expected, but he adds, "We will cope. We're ready to move."

Colleges' Future

For the nation's 2,300 colleges and universities, it is both the best of times and the worst of times.

On the bright side:

More than 300 new colleges and universities have been founded since 1945. . . Private, voluntary gifts have more than tripled since 1958. . . Federal funds for higher education have more than doubled in four years, while state tax support has increased 44 per cent in just two years and 214 per cent over eight years ago. . . Endowment funds have more than doubled over the past decade (to about \$12 billion) and average faculty salaries have nearly doubled in the same period. . . Colleges and universities are spending more than \$2 billion a year on capital expansion and the total expenditure in the United States this year for higher education will be some \$18 billion, more than three times as much as in 1955.

On the darker side:

While private gifts reached a record high of \$1.6 billion last year, the rate of increase has dropped by 20 per cent in the past three years. . . Some 36 per cent of all volunteer contributions went to just 55 major universities and some 90 per cent of all endowment funds are owned by fewer than 5 per cent of the institutions. . . In 1966, 70 per cent of federal funds went to just 100 institutions. . . College and university operating costs have more than tripled during the past decade from about \$4 billion 1956 to about \$12.7 billion last year.

Unlike industry, the more customers the per-unit cost — and student enrollment, now close to 7 million, is twice what it was in 1960. Some prestige institutions have passed the \$2,000 mark for one year's tuition and some schools are being forced to turn away qualified applicants or to raise their entrance standards.

The financial pinch is being felt by both public and private schools, but it is particularly severe for some of the latter.

Recently the dean of the school of dentistry of the University of Southern California warned that at least 10 of the nation's 50 dental schools are in trouble and could close. These schools, all private, account for about 35 per cent of the nation's output of dentists. No new private dental school has been opened in the United States since shortly after World War II.

Some traditional sources of support for higher education remain relatively untapped. Only one in four alumni, for instance, contributes; and the \$300 million given by American businesses in 1966 represented only about 0.37 per cent of their net incomes before taxes.

Inevitably, however, more and more college and university administrators are talking about direct and massive federal subsidy for higher education, whether they like the idea or not. On the state level, the distinction between "public" and "private" is already becoming blurred as more states enact some form of aid to private schools or to students attending them. In Pennsylvania, some 40 per cent of the state appropriation now goes to private institutions.

In this day when it is becoming part of the national philosophy that a higher education is not the privilege but the right of every youth who can benefit from it, it seems certain that the issue of federal subsidy is one that will eventually rank with the war in Vietnam or the war on poverty as a subject of debate in the halls of Congress.

FROM THE SOUTH, the new Michigan Blue Cross and Michigan Blue Shield combined service center will look like this architect's model. Floor-to-ceiling bronze heat-trap glass walls extend the width of the administration building on each floor, while the computer facility to the right is almost windowless with separate humidity and air cleaning and conditioning controls required by its electronic equipment. The pedestrian traffic court in the foreground is 14 feet below ground level and provides access to full glass walls of service areas. Cross And Shield Plan \$27.5 Million Facility In Detroit

DETROIT — Michigan Blue Cross and Michigan Blue Shield have presented plans to the Detroit Common Council for their combined service center, to be erected on an 11.6-acre downtown urban renewal site north of Jefferson and west of the Chrysler Freeway.

The transfer of the land has been approved by the Detroit Housing Commission and by the Federal Department of Housing and Urban Development, but detailed plans had not previously been made public.

The center will consist of a 22-story administration building and a connecting three-story computer facility costing an estimated \$27.5 million.

A five-deck parking garage for 1,262 automobiles which is required under city planning commission zoning regulations also will be built.

The garage will cost approximately \$2.9 million and will be paid for through parking fees.

A parish reception honoring Rev. and Mrs. Karl J. Hammar will be held this evening at the Central Methodist Church, beginning at 8 o'clock. All members of the Central Methodist Congregation and other friends of the church are cordially invited.

Manistiquia will have its own "little fair" this year in the form of a harvest festival which will take place on Sept. 24 and 25. Sponsoring the festival for the purpose of raising funds is the local chapter of the United War Fund organization. Exhibitions of vegetables, canned goods and flowers will be shown, for which prizes will be awarded.

50 Years Ago

The State Agricultural Department has arranged to conduct canning and cooking demonstrations in the Exhibition Building at the Fair Grounds. State experts will be there to educate the people in the method of canning and cooking under war conditions. The primary purpose of the demonstration is to teach people how to save sugar and wheat.

for the land, plus site preparation work and architect fees. The complex has been designed by Giffels & Rossetti, Inc.

The computer facility is expected to be completed by April, 1970, and the administration building completed by December, 1970.

Project costs will be shared equally by the two corporations, which serve nearly 6 million persons in Michigan through regular and governmental business.

In a joint statement, William S. McNary, president of Michigan Blue Cross, and John C. McCabe, president of Michigan Blue Shield, said that a substantial part of the financing will be through mortgage.

"The building program does not require any increase in rates."

"The decision to build was based on a 10-month study by outside consultants which showed that increasing operational difficulties would result from further scattering of operations to meet the growth in our business. The study indicated that it is costing Cross and Shield an extra \$100,000 a month to do business from fragmented and rental locations."

Cut Costs

"The study showed that it would cost us \$450 a square foot to build as opposed to our present rental costs of \$5.57 a square foot. We also considered the fact that downtown rental locations are becoming more difficult to find and, when we do find them, rental costs are higher than present leases."

The corporations currently rent more space than they own. In addition to the 171,072 square feet they own in their home offices at 441 East Jefferson, they rent 193,000 square feet in the Kales Building, the Lafayette Building, Industrial Building, Cadillac Tower, the 111 Cadillac Square Building, a former warehouse and office building behind the present headquarters, and an annex directly west. They are negotiating for 70,000 square feet elsewhere.

The corporations studied the advisability of moving to a suburban location McCabe and McNary said, "and some areas invited us, but we saw no need for exodus."

"A majority of our employees live in Detroit, as do hundreds of thousands of our subscribers."

"Additionally, we are putting

up here much more than office buildings. We hope these structures will become a health care oriented public service center for the metropolitan community."

Auditorium In Plan

"The facilities of the center, which include a 300-seat auditorium, will make it possible to invite use of Blue Cross and Blue Shield headquarters by public and professional groups concerned with health care," McCabe and McNary said.

The center is designed to house approximately 4,000 employees expected to be needed by Cross and Shield by 1970, with room for 10 per cent expansion. The site has enough land for an additional building in the future.

Blue Shield, which essentially pays medical care costs, has experienced a tremendous increase in claims volume as a result of broader regular benefit programs and administrative services rendered in connection with government programs, such as Medicare and Medicaid. Blue Cross has experienced similar increase in its administrative activity in hospital insurance.

By the mid-70's, the organizations expect to process more than 30 million claims a year resulting from broadened programs, expanding scope of benefits and increased population in Michigan.

West didn't bid four spades with any idea that he would make the contract. He knew that he couldn't go down more than three tricks and probably not more than two. In any event he had 100 honors to cut down the penalty.

Actually he would only have been set one trick because all he would lose would be two hearts and his minor suit singletons.

Most players would have doubled with the North hand but North was pretty sure that his partner had raised to three no-trump with a long minor suit as his secret weapon. In that case North felt that his partner might well be able to make the minor suit game.

South figured out just what was in his partner's mind. Obviously North did not have anything in spades, otherwise he would have doubled four spades. In that case all North's cards would be working for South so South bid five diamonds.

East doubled on general principles. He felt that if South could make five diamonds he was entitled to get double price.

West held the first trick with the king of spades. Had he shifted to a heart he would have beaten the contract but West saw no reason to lead anything but a second spade.

This gave South a chance to make the hand and he proceeded to do so. He ruffed in, cashed the ace of trumps, led a trump to dummy's king, ruffed dummy's last spade just in case East held another to lead, led a trump to his queen to get rid of East's last trump and passed the seven of clubs to East for an end play.

East could lead a club or a heart but either would give South the rest of the tricks.

What do you do now?

A—Bid five hearts. This is a specialized Blackwood bid that tells partner to bid five no-trump. This should make but you miss two aces and six is out of the question.

TODAY'S QUESTION

Instead of bidding five diamonds to show one ace, your partner bids five spades to show three aces. What do you do now?

Cradle Suggestive

PHILADELPHIA (AP) — Movie censorship has come a long way since 1909, says 85-year-old attorney Morris Wolf, who represented Philadelphia's first motion picture exhibition company before the Pennsylvania Movie Censorship Board.

"I remember the censors. . . objected to a scene with a cradle," he said.

"They said it was too suggestive, that it suggested a birth would take place. They made us take it out."

Ann Landers

Should Children Be Told About Suicide?

Dear Ann Landers: Please excuse the looks of this letter. I can't see very well. One of my eyes is completely shut. The other is a little swollen.

I married Mickey after a whirlwind courtship of seven weeks. He seemed like a perfect gentleman. I could hardly believe it when he knocked out my pivot tooth and blackened my eyes because there was no beer in the refrigerator. (He drank five bottles last night and I didn't realize we were out.)

Mickey loses his temper over little things like not being able to find his jacket. He insists I "hid" it and then I get a call from a tavern keeper saying Mickey left his jacket there last night when he stopped for a drink on his way home.

This is the third time he has beat me up and I don't know what to do about it. Please don't tell me to leave him. He's really a swell guy except for this one fault. Also, Ann, I think I should tell you he is my third husband and the best of the lot. — BLURRED VISION

Dear Blurred: So he's the best of the lot? Where do you find such dolls? You have already told me not to tell you to leave him, so I'll respect your wishes and tell you something else. Stay with him until he scrambles your brains and knocks out all your teeth. Perhaps then you will ask for some advice you can use instead of telling me what not to tell you.

Dear Ann Landers: Last month my husband took a fatal overdose of sleeping pills. I knew he was despondent over a business failure and that his health was a worry to him but I had no idea he would kill himself.

What shall I tell the children? They are four and five years of age. Explaining natural death to youngsters is difficult enough, but how does one explain suicide? I want to tell them that Daddy was very sick and God took him to a home in heaven where we will all meet one day.

My mother insists that I tell them the truth. She claims they will hear the real story from playmates when they get older and then I'll have serious trouble because they will find out I lied.

I have thought about this until

I am half crazy. I just can't tell my children their daddy didn't want to live anymore. Please, Ann, I need some of your wisdom. — ANGUISHED MOTHER

Dear Mother: This is your decision to make, not your mother's. Tell the children Daddy took the wrong medicine and it made him so sick he could not get well so God took him to heaven. It is best that children believe a parent's suicide was accidental whenever possible. Good luck and chin up, Dear.

Dear Ann Landers: Please settle an argument. When a man and a woman meet on the street who should speak first? The people in question are not close friends, but they have worked together and know each other. — BRANDY

Dear Brandy: When friends, the one who recognizes the other first should speak first.

Pontiac Sees Big Year Ahead

PONTIAC (AP)—Pontiac general manager John Z. DeLorean, first General Motors division head to show his new cars to the press, predicted at a national preview Monday that Pontiac would crack the magic million car market next year.

DeLorean said that based on market expectations and calendar year sales of an anticipated 950,000 cars this year, he was confident of joining Ford and Chevrolet in the exclusive million car club next year.

Pontiac, which has held down the No. 3 sales spot in the auto industry for the past eight years, aimed much of its '69 push at the affluent car buyer, tempting him with a new generation Gran Prix called Model J.

Boasting the longest hood in the auto industry, the car was built on a 118-inch wheelbase in only one body style, a hard-top coupe. Its new features include a concealed radio antenna, an electrically heated rear window defogger and a new type safety seat for drivers.

S&H To Expand

NEW YORK (AP) — Sperry & Hutchinson Co. has agreed to acquire Western Girl, Inc., a temporary help company, the companies said.

The transaction would be for not less than 75,000 or more than 150,000 shares of S & H common stock.

The plan is subject to approval of S & H directors and execution of a definitive agreement.

S & H is a trading-stamp company.

COOKIE, right, gave birth to six Boston Terrier pups but rejects them most of the time. So, Cookie's mother, Mascot Toy O, takes over at lunch time when her irresponsible daughter turns the pups away, according to Mrs. Sesta Matheison, of Adrain, owner of the two dogs and the pups. Dr. Wyman Davis, Adrain Veterinarian, says that the phenomenon sometimes happens in the animal world when love for the offspring surpasses all understanding. Mrs. Matheison has won dozens of prizes with Cookie and Mascot Toy O at dog shows. (AP Wirephoto)

Held For Murder

FLINT (AP) — Charles Edwards, 19, Flint, was held on a charge of murder today in the fatal shooting of Tommy Lee Jones, 17, Flint, who was shot in the back of the head Sunday. Witnesses told police Edwards apparently became angry when he was left behind as Jones and three companions drove down a street.

Venezuela Bars Danny The Red

CARAVAS, Venezuela (AP) — Venezuelan authorities barred Daniel "Danny the Red" Cohn-Bendit, leader of this year's French student revolt, from entering the country.

Government sources said Cohn-Bendit was not permitted to leave a jetliner Monday after it arrived here from Europe. The student leader was aboard the plane when it flew on to Lima.

Cohn-Bendit had been invited to Caracas by a student organization and intended to stay for two days.

Milliken Speaker At Catholic Meet

LANSING (AP) — Lt. Gov. William Milliken and four legislative leaders are scheduled speakers Wednesday at the fourth general meeting of the Michigan Catholic Conference here. "Michigan's Social Priorities" is the meeting's theme.

GOP Excluded

CHARLOTTE, N.C. (AP) — Prominent North Carolina Republicans as well as Negroes have been excluded from state history textbooks, a GOP candidate says.

Joe L. Morgan, candidate for state superintendent of public instruction, said recently that exclusion of the Republican "is just as bad, or no worse, than the systematic exclusion of Negroes from the mainstream of American life."

He said the "missing chapters" should be incorporated in future textbooks.

Muskie Meets With Fulbright

HOT SPRINGS, Ark. (AP) — Sen. Edmund S. Muskie paused Monday in his Democratic vice presidential campaign for a private meeting with Sen. J. W. Fulbright, D-Ark., one of the party's strongest critics of the Vietnam war.

Muskie and Fulbright did not appear in public together. No statement was issued following their meeting and a dinner they attended with several state Democratic leaders.

Newsman glimpsed the two senators together only once, inside a hotel garage where Fulbright, who did not meet Muskie's campaign plane, greeted his Maine colleague.

They shook hands warmly, exchanged pleasantries, and moved inside before the bulk of the press corps following Muskie arrived. Fulbright is campaigning to win re-election against his Republican opponent, Charles Bernard.

Asked if he was backing the national Democratic ticket, Fulbright said, "certainly—I always do."

Stolen Film May Show Sirhan At Kennedy Rally

LOS ANGELES (AP) — A college film-making student says movies of the assassination of Sen. Robert F. Kennedy were stolen from his locker and the lock was carefully replaced.

Alvin Tokunow, 24, said the theft took place after he had told several people that in the film a dark man resembling Sirhan Bishara Sirhan could be seen inside the Ambassador Hotel.

Kennedy was slain early June 5 after acknowledging victory in California's Democratic presidential primary. Sirhan was arrested and charged with murder.

"We thought we saw Sirhan in the hotel before the shooting and there also on the Sunday before," Tokunow said. "There appeared to be another dark man talking with him, and a

young woman nearby." Tokunow said he told police that his original negatives were stolen in early August from his locker in UCLA's film editing building, but he said he had two sets of prints of the negatives. Both sets were fuzzy, he said, adding that police have been studying one of the fuzzy sets.

Board Skirts Fashion Issue

GLASGOW, Mont. (AP) — The height of fashion has forced the Glasgow school board to skirt the issue of hemlines.

The board changed its rule that skirts must reach to coeds' knees and required instead "reasonable and modest length" worn "in a lady-like manner."

The action was taken after clothiers said they could not buy skirts long enough to meet the board's original order.

293 Enrolled At Parochial School

St. Francis de Sales School has enrollment of 293 children in grades one through eight, according to Sister M. Marcelyn, principal. Last year's enrollment was 289 children. The total enrollment reflects Catholic children who attend St. Francis from the townships as well as the city of Manistique.

Sister Marcelyn said there were openings in six of the grades for more students. Only sixth and seventh grades are closed for enrollment. First grade has 35 registered pupils; second grade, 34; third grade, 38; fourth grade, 35; fifth grade, 38; and eighth grade, 33. Forty pupils is the maximum enrollment for each grade.

Mrs. Russell McManus and Mrs. Robert Sedan are in charge of hot lunches at the school. Hot lunch began yesterday with 130 lunches served.

Mrs. George Hough and Mrs. Robert Rozich are serving the teaching staff as aides under Elementary-Secondary Education Act funding.

'Mod' Service Ends Devotion

A "mod" Eucharistic Service to close the annual 40 Hours Devotion at St. Francis de Sales church was celebrated Sunday night in what Fr. Daniel Zaloga termed "an extension of the mass, of our concern for the peoples of the world, and an attempt to enlarge the scope of religion and brotherhood outside the church walls."

Fr. Zaloga, assistant pastor, produced and directed the inter-faith service which featured a jazz combo, excerpts from a book by Fr. Malcolm Boyd (an Episcopal priest involved in the civil rights movement), audience participation, flashing slides and intricate lighting effects, and a closing Benediction to the Blessed Sacrament.

Fr. David Jenner of Iron Mountain delivered the Homily midway through the service.

Others assisting in the program were Fr. Kenneth Connor of St. Alban's Episcopal Church, who portrayed Malcolm Boyd; Robert Holton, Gary Dopke and Jan Strasma.

Jazz music, which served as a background for the service, was provided by Art Fountain Jr., Don Bays, and Jerry Abrams. Mrs. Carol Marsh, Sister M. Colleen, Mary Beth Waters, and David Waters played guitar for congregational singing and the Benediction. Tom Holohik was in charge of lighting.

Theme of the devotion was "What Are These Among So Many?"

4-H Aids Youth Protest Natural Resource Misuse

EAST LANSING, Mich. — "Young people put on protests all year long, and we try to encourage them," according to Dr. Robert George, Michigan State University conservation education specialist.

"Protests against foolish use and exploitation of our natural resources, that is," explains Dr. George. "Protests by young people in the cause of conservation are never violent, because they take the form of individual or community projects."

Last year over 22,000 Michigan youngsters between the ages of 10 and 18 were involved in 4-H conservation projects, which benefited both the young people and their communities.

"These youngsters appreciate nature and want to have a voice in conservation efforts, because they understand the value of wisely using our natural resources."

"With the help of interested persons and organizations, more of our young people can be given the opportunity to channel their talents and energy into conservation projects," he emphasizes.

"Community leaders should recognize that these projects are really young people's 'protests' against foolish destruction of our natural resources by pollution and misuse."

"This kind of protest," adds the MSU specialist, "nearly always brings about results, instead of consequences."

Church Events

First Baptist

The Alice Circle meets tonight at 7:30 with Mrs. Allan Baker, Intake Park Road. Mrs. Robert Schubring is circle chairman. MANISTIQUE Medical-Dental Facility Planned By Dr. Brown

City Councilmen kept busy Monday night as they shuttled from public meeting to executive session.

In between, Council managed to handle city business ranging from the sale of city property for a proposed \$250,000 medical-dental facility to hearing a citizen complaint that a city grader backed onto a newly-sodded lawn.

When finally finished at 10 p. m., Council only recessed until 4:30 p. m. Friday.

Dr. Andrew J. Brown's bid of \$7,384 to purchase a 289 by 369 foot plot located at the corner of Cherry and Steuben Streets was accepted. Dr. Brown told Council he plans to build a facility to house six of eight professional men—doctors and dentists—with construction starting next spring.

Lone Bid

Brown's bid was the only one received on the property, which was advertised for sale last month. Sale of the land is contingent on its being rezoned to allow such a facility.

Dr. Brown, a native of Manistique, opened a dentistry office in Manistique this summer and is currently affiliated with Dr. Robert Hawn in the Tribune Building.

City Manager Robert Noe reported that Andrew Cretens, who is with a housemoving firm in Escanaba, made an inspection of homes on Weston Ave. and will submit a cost estimate for their removal. Noe said Cretens is of the opinion that 11 of the 13 houses on the block could be moved.

Briefly Told

The preliminary hearing rescheduled from last Thursday, Sept. 5, to yesterday for Arturo Chavez Ramirez, 20, Robstown, Tex., was not held. Ramirez has secured local counsel who has requested that the hearing be held at another time to allow him more preparation. Ramirez has been held in the Schoolcraft County Jail since his Aug. 28 arrest in connection with the rape of a Manistique woman. It is expected that the hearing will be held later this week or the early part of next week.

Knights of Columbus will hold a potluck supper Saturday at 7:30 in the KC Hall with the ladies as guests. Meat, potatoes and a vegetable will be furnished. Installation of officers will be held with a dance to follow. A social hour precedes the meal.

The bowling schedule for Wednesday at Lakeview Lanes is as follows: 7 p.m. — Homers vs. Blue Ribbons; Mark Rambler vs. Elys; Whitecaps vs. Wylie Loans; and Edison vs. Drewrys. 9 p.m. — Strohs vs. Vollwerths; Fireside vs. Coca Cola; Coluzzi vs. Lawrence Garage; and Dr. Pepper vs. State Bank.

Bethel Fellowship of Bethel Baptist Church will meet Thursday at 7:45 p.m. in the church. Host and hostesses are Mr. and Mrs. Oliver Rehn and Mr. and Mrs. Edwin Hayno. All H. C. Price employees and families are especially invited to attend.

State Police investigated a minor mishap Sunday afternoon at 3:50 in the Thompson Township parking lot adjacent to the Thompson Creek. Steven Aller, 16, 346 Lake St., backed into an auto driven by Homer Campbell, 27, Marquette. Aller told officers he was backing up to allow outgoing vehicles more leeway. Minor damage was reported and no tickets issued.

Carol Lynn Lemke Is LeRoy Howard's Bride

Carol Lynn Lemke, daughter of Mr. and Mrs. Leonard A. Lemke, 22415 Wilmot, East Detroit, and LeRoy Douglas Howard, son of Mr. and Mrs. Douglas Howard, Rte. 1, Gulliver, were united in marriage Saturday, Aug. 31, in St. Basil Roman Catholic Church in East Detroit. White gladioli and white mums adorned the church for the 10 a.m. double ring ceremony officiated by Rev. Fr. Louis Reva.

Suzanne Lemke was maid of honor for her sister and bridesmaids were Mrs. Sharon Parker, sister of the bride, Patricia Howard, sister of the bridegroom, and Robin Diener. Best man was Howard D. Parker and groomsmen were Anthony Capolingua, Joseph Basta, and Ronald Graus. Leonard Lemke Jr., ushered. Wendy Parker, niece of the bride, was flower girl and Ricky Paul Howard, brother of the bridegroom, was ring bearer.

Organza Gown

Given in marriage by her father, the bride chose a gown fashioned with silk organza. The gown and train were bordered with chantilly lace with her shoulder length veil attached to a crown of pearls and rhinestones. The bride's bouquet was of daisy mums centered by two violet tipped orchids. She wore a pearl choker necklace and single pearl earrings.

The bridesmaids wore floor length gowns with a lace bodice. Their plain sereno skirts were colored in pink, blue, yellow, and green and were accented by matching daisy headpieces. They carried baskets of white mums and multi-colored daisies to match their dresses. The flower girl wore a pink floor length gown similar to the bridesmaids. She carried a basket of white mums and multi-colored daisies.

Glamelia Corsages

For her daughter's wedding, Mrs. Lemke chose a dress of blue lace bodice with a plain blue crepe skirt and matching shoes. She wore white accessories and a corsage of white gladioli. For the evening reception, Mrs. Lemke wore a hot pink rayon linen formal length gown with white cotton lace trim and white accessories. Mrs. Howard chose a white knit suit with black trim and white accessories for the wedding with a corsage of white gladioli. At the evening reception, her formal length gown of Nile green embossed peau de soie was accented by white accessories.

The wedding breakfast and evening reception was held at

the Thomas Manor for 200 guests.

The new Mrs. Howard chose a white linen dress ensemble with an orange paisley print coat and white accessories for her going away outfit. After a wedding trip to California the couple will make their home in Gulliver.

The bride is a 1966 graduate of East Detroit High School. LeRoy is a 1965 graduate of Manistique High School and is now serving as a BT. 2 in the U.S. Navy at Long Beach, Calif., aboard the USS Yorktown.

Donald Messier Dies On Monday

Donald E. Messier, 42, of 625 Park Ave., Manistique died at 9:40 p.m. Monday at Augustana Hospital in Chicago where he had been a patient for two weeks.

Complete funeral arrangements will be announced on Wednesday by the Messier-Brouillere Funeral Home.

Scholarship Test Set Here Nov. 9

A Michigan Competitive Scholarship Examination will be given on Saturday, Nov. 9, at 8 a.m. in the MHS auditorium. Mrs. Lee Pappas of the MHS Guidance Dept. has announced.

The examination is open to all college-bound high school seniors who hope to attend Michigan colleges and certain business colleges in Michigan next year. Good performance on the examination, which is not an achievement-type gauge, will qualify students for financial assistance—up to \$800 in tuition fees—if certain other requirements are met.

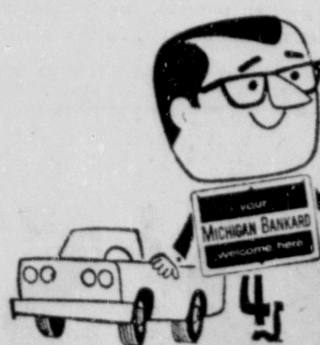

Students must indicate their willingness to take the examination before Oct. 14. A \$1.75 testing fee is required and must be filed with Mrs. Pappas.

In the past three years approximately 40 MHS graduates have qualified for financial assistance through the Michigan Higher Education Assistance Authority. The local high school has served as an examination center for Munising, Cooks, and Engadine students who have taken the examination.

Further information may be obtained by students or their parents from Mrs. Pappas in the Guidance Dept.

Baggs And Ashmore Say Peace Talks Mishandled

MIAMI, Fla. (AP) — Two American newspapermen said Monday U. S. negotiators have blocked progress at the Paris peace talks by "dangerous and possibly fatal trimming" of the understanding by which the conference was arranged.

Contending they paved the way for the Paris talks during a visit to Hanoi last March, William C. Baggs, editor of the Miami News, and Harry S. Ashmore, former executive editor of the Arkansas Gazette, said in a book released Monday that North Vietnam stated before the sessions convened that meaningful negotiations could not begin until allied bombing of North Vietnam stopped.

In Hanoi Mar. 31 The book, "Mission to Hanoi — a Chronicle of Double-Dealing in High Places," was based on two trips to Hanoi and conferences with U.S. State Department officials in Washington.

Baggs and Ashmore were in Hanoi, engaged in private discussions with a spokesman for President Ho Chi Minh on March 31 when President Johnson announced his decision to curtail the bombing of North Vietnam and to withdraw from the presidential race.

The two newsmen said they met repeatedly with Ho's representative during the critical period when the Hanoi regime was trying to decide if it would accept the partial bombing halt as a strong enough indication of good faith to warrant a formal meeting with U.S. representatives.

Surprised Hanoi Baggs and Ashmore gave this account of their reaction to the Johnson pronouncement as they expressed it to the North Vietnamese:

"Mr. Johnson had surprised us as much as he had anyone else in Hanoi, we said, but in our

view the importance of the announcement could not be overestimated.

"We took it to be Lyndon Johnson's way of certifying the sincerity of this new move toward peace—perhaps the only method left to him to do so in view of the steady erosion of confidence in his pronouncements at home and abroad.

"For a man of the President's temperament and ambition, the decision not to run again had to be taken as an act of political self-immolation. We thought it urgently important that the North Vietnamese take the new offer to negotiate and respond in kind."

Discussed Procedure

The authors said their view of the President's announcement finally prevailed in the inner circles at Hanoi. After it was official that the North Vietnamese were willing to meet with U.S. representatives, Ashmore and Baggs said they entered into detailed discussions with Ho's spokesman on the procedural points of such a conference.

They left Hanoi, with an "aide memoire" which they said spelled out the official North Vietnamese response to Johnson's actions.

Baggs and Ashmore said they delivered the document to the U.S. Embassy in Vientiane, Laos, and were asked to return directly to Washington where they met with Ambassador W.

Safe City

CHICAGO (AP)—The National Safety Council has named Lansing, Mich., as one of the safest traffic cities in the 100,000 to 200,000 population classification. Lansing has had 1.7 deaths per 10,000 registered vehicles for the first seven months of this year.

Averell Harriman, Undersecretary of State Nicholas Katzenbach, and Asst. Secretary of State William P. Bundy.

The newsmen said: "The North Vietnamese position was that agreement to meet under the partial limitation of the bombing constituted a major concession on their part, and they would not consider any further acts of reciprocity until the bombing had stopped—at which point everything was open for consideration, including mutual de-escalation of the fighting in South Vietnam.

Urban Steinmetz Is Author Of Family Life Texts

Urban G. Steinmetz, executive director of the Upper Peninsula Family Life Bureau, Escanaba, is the author of two new texts being used this fall in many parochial and public high school family living classes. The two texts are available either from Fides Publishing Co., Notre Dame, Ind., or from the Upper Peninsula Family Life Bureau.

The student textbook, "With Marriage in Mind" and the corresponding parent discussion guide, "Let's Talk About Sex," form a new and unique approach to family life education, with each student having both his classroom and his parents as a discussion source. In addition, the student will also have a "laboratory" of from

three to five married couples of the student's own choosing. His laboratory observations and conversations will form the basis of discussion for the classroom seminars.

Steinmetz, who holds graduate degrees from both Northern Michigan University and the University of Colorado has had an extensive career in marriage counseling and in family life education. He is a nationally known lecturer and author in family living and is currently a member of the Advisory Board of the United States Catholic Conference's National Family Life Bureau.

As executive director of the Family Life Bureau, an international, interdenominational family life education organiza-

tion, Steinmetz has also produced the "Marriage Enrichment Program" a recorded lecture-discussion series currently used in over 7,000 Catholic and Protestant parishes, universities, and other organizations; "Toward Marriage" a recorded six-talk series for engaged couples and newlyweds; and the "Young Adult Enrichment Program" consisting of high school sex education and pre-marriage information.

The Steinmetz family lives at 201 S. 5th St., Escanaba.

Alexander Graham Bell's questing led into the field of science of sound and speech, electricity, marine engineering, medicine, genetics, eugenics and aeronautics.

SCHOOL PROBLEMS

If you will read the article about the teachers in the Sept. 7 issue of the Press, page 5, you will note that they quarrel with people who are endeavoring to have bus-transportation re-instated and say that they are "pressure groups". These people, and especially those from the Townships, certainly have every right to demand transportation for their children. This was originally promised the Townships and now is being denied. Would you call that a gentleman's agreement?

The meetings held by teachers are to find ways and means how to persuade parents and property owners to approve higher and higher millage. Obviously, the passage of higher school millage would give them a better chance to demand still higher salaries and fewer working hours. The teachers are hired to teach our children — not to instruct them to tell their parents more money is needed. The more money they receive — the more they spend.

This method of communication between the teachers, the School Board and the people is not only ineffective but, indeed, harmful. The teachers do not have the authority to use these means without the approval of the School Board. Their action could naturally impede any progress of an early and favorable solution to the busing problem.

The superintendent stated over radio Sept. 9 that any parents who failed to get their children to school could be charged with a misdemeanor, and if found guilty subject to both a fine and possibly 9 days in jail. I personally feel that the members of the School Board and the superintendent should accept these penalties instead of the parents inasmuch as they stopped the transportation system — not the parents.

Why did the School Board permit the hot lunch program to operate on a losing basis so long? Children had to line up and before the last one's got to the lunch counter it was class time, so more prepared food passed thru the back door into garbage cans. If all the school departments are handled this way, we can see why they may be short of funds.

The School Board should take immediate steps to attempt to regain the confidence of the people. The people ought to circulate a petition to request the

State to examine the school books and in this way determine just what is wrong and make necessary adjustments so that the cry for more millage will not be needed.

Why does the present School Board follow the pattern of the former Board by asking for 5.4 mills, whereas 2.0 mills would give them \$110,000 or \$39,000 more than what is needed for bus transportation. The School Board must become realistic. They must put a stop to unnecessary spending. They must become a Board of Control, not a Controlled Board.

In conclusion I hope that there will be no more high-pitched voices over the radio, denouncing and criticizing the unfortunate people who cannot afford to pay higher taxes. Such propaganda does not solve our problem, if we have one. A direct peaceful confrontation with the School Board by a responsible appointed Committee I am sure, would be helpful in arriving at a satisfactory solution.

ASHAMED OF SCHOOL

I am writing in regard to the happenings of the last few days on our school problem. I am ashamed to say something like this could happen in our schools in the Escanaba Area.

With discrimination all over our country today, that some of our taxpayers should have to feel discriminated against, is shameful. I find it hard to believe that any member seated at the School Board meeting on Wednesday night could have taken these buses off with full realization of whom it would affect.

A few months back, a business woman was here from the Lower Peninsula. Among her comments were how beautiful our high school and city schools were and she rode around town just to see them. I made a point of not telling her where my children went to school for fear she would want to see that one also, and, much as I wanted to, I couldn't be proud of it.

Last year, the roof leaked, children were drinking water from Army containers because the water (well) supply was unfit. When the new well was finally drilled, some of the children were hurt before it was enclosed. The furnace went out and would not work in bitter cold weather and the children had to be kept

home until it could be repaired. The library was moved from the school, consequently, the children have no access to it unless they have transportation to and from. When there were music festivals or special doings, the children who had no transportation, arranged by the parents could not take part. Many of the city children could participate as it was within walking distance for them.

All people, I am sure, certainly the School Board, realize that love of God is important to our whole country. Some of us had to take our children many miles on the days designated for their religious instruction. This created a hardship on the part of many parents and much time was spent on the telephone to try to arrange rides for our children. When there was illness in a family, many times, the time spent was all in vain. The transportation could not be arranged for this one day out of the week!

There sometimes were as many as 10 children in my compact car so as not to disappoint any child. There is nothing that hurts a parent more than to drive off with a load of children and have to leave one or two disappointed because arrangements previously made could not be carried out.

Now! I know our School Board must realize that with car pools, hitch-hiking, etc., most of the children in the outlying areas are going to miss more school than they are going to be able to attend. Consequently, their marks may drop and when they have the time to make up, where will they get their transportation for this added inconvenience?

I am sure if this were put as a vote to the children within walking distance of their schools, they would sooner give up some luxury they have, rather than see others suffer over the lack of a necessity. Maybe I'm wrong, but this is the faith I have in our young people of Escanaba.

To punish our children to get to the parents will never solve the problems at hand. The people of our townships are not unreasonable people and when they are given figures in black and white, direct from the books, and proof of need of these things, they will back their School Board just as vehemently as they are fighting it.

The School Board was asked to close all schools until this

problem was resolved. In all fairness, I believe this should be done. I wonder how many parents in our fair city who have children who have access to their schooling would agree?

Everyone must remember it is hard to be sympathetic to a problem when your child is not involved. The rural people are paying the same school tax and yet, many children have had to go without the activities because of distance from the school.

This, I suppose, could be considered a plea to the decency of our city residents. Please remember that we put up with your children all summer and week-ends with their motor bikes, axes, guns and other dangerous, damaging equipment. We fight fires, have to put up with parked cars in our driveways and on our roads. We are often awakened in the middle of the night with dogs barking because some young kids are having a beer blast and have sneaked out of town with it to avoid being caught. They have damaged our roads and our yards, etc. I could go on and on but it would serve no useful purpose by doing so as this situation is something the people of Escanaba are aware of.

All we ask is to love our children as much as you love your own. If you would do this, no one would feel discriminated against and our city could be a city to be proud of, not ashamed of.

Remember, this is God's country as well as ours. Let's treat it as such!

FREEDOM OF THE PRESS

We are blessed with freedom of the press in this country. Most news mediums exercise this privilege with honor, courtesy, and due respect to the rights and privileges of individuals, organizations, and etc. They also adhere to the laws of the community and show respect and obey all requests of the officers and people responsible for keeping law and order.

When certain organizations are granted special privileges there are bound to be some who over-step and abuse the privileges. The people who enjoy these special privileges are expected to keep their members in order and to ostracize them when they do not, so that these special privileges are not jeopardized.

Much has been printed, spoken, and shown about the way law and order was enforced in Chicago during the Democratic National Convention. According to advanced news reports by the press, T.V., and radio; the hippies — militant — and Vietnam demonstrators were planning to break-up the Convention with rioting, robbery, arson, yes and even murder as has been done in other cities. Not only did the news mediums predict this, but reports from the Secret Service and FBI alerted the Mayor and police of Chicago that they had information to verify the rumors.

To the credit of the Mayor and Police of Chicago, they took precautions to protect the law-abiding citizen, delegates, and property owners by putting on extra police and calling in the National Guard so that they would be able to cope with and control the first signs of disorder.

True to predictions the rioters — arsonists — hippies — draft card burners — militants — and trouble makers were on hand. Due to an outstanding police force and National Guard this army of lawbreakers was kept in line all week except for about an hour or two. Needless to say after they were glad to get out of Chicago with their heads banged-up a little, but none killed.

I viewed the whole episode on CBS-TV and my opinion (and I will wager there are millions who agree) is that the CBS news-casters and commentators were very disturbed and frustrated that they didn't have any riots, murders, and fires to show to the public. All during the Convention, Walter and his co-hosts were commenting on the fact that there were too many police and security guards. They were continually pushing their mikes and camera's into caucuses where they were not wanted. The chairmen of the individual States would ask them to leave

so that they could conduct their business and they would ignore and refuse to do so.

The disgraceful conduct by the CBS-TV people was sickening and one would think they were hired to cause a riot. They showed very little of the actual Convention as they were busy trying to find or create disturbances. When out of all the delegates and alternates (some 5,000) one of the delegates became unruly and was being ejected from the hall, a CBS announcer and camera crew blocked the aisle and would not move out of the way when requested to by the police. Instead I heard the announcer say: "I want to question this man." When he did not move, the police pushed him to the side and the announcer retaliated by elbowing the police officer and saying: "Take your hands off me." With that, Mr. Cronkite's boy was taken care of.

Later another of Walter's boys, instead of reporting the Convention, engaged a convention Courtesy Girl in conversation. He inquired of her duties and the duties of the good looking young male convention workers. His line of questioning, in my opinion, was insulting with an insinuating manner suggestive of immoral thoughts and actions. There were a number of cases in which they would single out someone unexpectedly and try to put words in their mouths with the hope of getting them to agree to some rumor detrimental to the conduct of the Convention. They complained that the smell of the stockyards was drawing flies. There must have been a stench in the CBS booth that drew some too, as Walter and his boys lost more than their cool.

When they heard of the riot up-town they appeared jubilant and said: "The streets of Chicago are running with blood." They showed pictures of the police clubbing the rioters, but none of the rioters smashing windows, destroying property, and attacking officers.

CBS should keep the pictures and sound of the Convention to show future announcers how not to act and report.

Rain Balks U.P. Harvest Of Oats

LANSING (AP) — Farmers continued harvesting dry field beans, potatoes, oats and apples last week despite rainfall which was especially bothersome in the Upper Peninsula, the Michigan Crop Reporting Service said Monday.

The UP oat harvest showed almost no progress last week as rain fell an average of six days, with amounts generally between two and three inches, it added.

In the sugar beet areas, farmers were preparing to begin digging and were expected to start this week.

Altrusa Club Initiates New Members Monday

Altrusa Club met in the Puerta Negra room at the Sherman Hotel last night to initiate new members. Received into membership were Mrs. (Donald) (Bonnie) Haapala under the housewife classification; Mrs. George (Alice) Harvey, dietitian; Mrs. Harland (Peg) Hanson, social services; and Shirley Miller, Major, U. S. Air Force Reserve. They were sponsored by Miss Delores Samson, Miss Camille Rabitoy, Mrs. Mary Nardi, and Mrs. Virginia Rusch.

After Mrs. Betty Beck, Membership chairman, had presented the candidates to the club, Mrs. Mae Frenn, Mrs. Clara Garrard, and Mrs. Betty Goulais explained the significance of the Altrusa motto and principles.

The candidates were asked to consent to these ideals in their own lives and were then welcomed into membership by the president, Mrs. Vera Clairmont.

In other business of the club, plans were discussed for a possible one day workshop in Green Bay and Delores Samson outlined the work of the International Relations Committee this year.

One feature of the October meeting will be a "silent auction" to raise the local club's share of the international Grants-in-Aid fund.

The club authorized Mrs. Carolyn Nystrom, projects chairman, to order the annual supply of fruit cakes for Christmas sales. This is the project by which the local club raises all its operating funds.

Mrs. Edward Johnson (Lee's Studio)

Vernice Lindquist, Edward Johnson Wed

Calvary Baptist Church in Escanaba was the setting Saturday, Aug. 24 for the wedding of Miss Vernice Elaine Lindquist of Ensign and Edward Reuben Johnson of Stephenson.

The Rev. Gaylord Wright officiated at the candlelight service at 7 p.m. assisted by the Rev. Carl Johnson of Wilton, N. D., an uncle of the bride.

Organist for the service was Mrs. Clifford Goodman and soloist was Mrs. Loren Anderson. Trumpet soloist was Robert Strickland. Candelights were Lynette and Rhonda Smith, nieces of the bride.

Peau de Soie

The bride is the daughter of Mr. and Mrs. Wallace Lindquist of Ensign and the bridegroom is the son of the late

Mr. and Mrs. Edward Johnson.

The bride, given in marriage by her father, wore a floor length gown of white peau de soie over taffeta fashioned with a sheer net train trimmed with frosted roses. The gown was designed and made by the bride.

Her silk illusion veil was held by a tiered jeweled crown and she carried a cascade of yellow and white rosebuds with ivory.

Matron of honor was Mrs. William Druding of Gladstone, a cousin of the bride and bridesmaids were Mrs. James Svinicke of Marquette, sister of the bridegroom and Mrs. Gerald Smith of Menasha, Wis., sister of the bride.

Lace Trim

They were attired in yellow floor length gowns with white lace trim and yellow bows formed their headpieces. They carried cascades of yellow carnations with ivory.

Flower girl was Miss Carmen Anderson of Minneapolis, Minn. and carrying the rings was Bruce Johnson of Racine, Wis.

Serving as bestman was Lowell Nordgren of Escanaba and groomsmen were Robert and Ronald Nordin of Daggett. Seating the guests were Gerald Smith of Menasha, Wis. and James Svinicke of Marquette.

Mrs. Lindquist wore for her daughter's wedding a blue lace dress with matching accessories and was presented a white carnation corsage.

Reception

The wedding reception was held in the church parlors. After a wedding trip to Lower Michigan, Indiana, Illinois and Wisconsin the couple will reside in Daggett.

The bride is a graduate of the Northern Michigan University Practical Nursing course. Mr. Johnson is a graduate of Northern Michigan University and is an Industrial Arts and Science teacher at Stephenson High School and is also engaged in farming.

Out of town guests attended from Illinois, Wisconsin, Iowa, North Dakota, Arkansas, Manitoba, Menominee, Daggett and Stephenson.

Susan King To Be Bride

Mr. and Mrs. John S. King of Naubinway announce the engagement of their daughter, Susan Abbie, to Stephen J. Bigelow, son of Mr. and Mrs. James Bigelow of Epoufette, Mich.

The wedding will take place on Jan. 18, 1969.

Carol Louise Otto, Glenn E. Hahn Wed

Miss Carol Louise Otto of South Lyon, Mich. became the bride of Glenn E. Hahn of Rte. 1, Bark River during a ceremony performed Sunday, Aug. 25 at the Farmington Seventh Day Adventist Church, Farmington, Mich.

The Rev. George Valentine officiated at the nuptials at 7 p.m. and providing traditional organ music was Carol Harris. Soloist was Bruce Leavitt of Flint.

The bride is the daughter of Mr. and Mrs. Ralph Otto of South Lyon, Mich. and parents of the bridegroom are Mr. and Mrs. Karl L. Hahn of Rte. 1, Bark River.

White Crepe

The bride, given in marriage by her father, wore a floor length two piece gown of white bonded crepe fashioned with a white satin waistband.

Satin gloves and shoes and a fingertip veil completed her attire and she carried a dozen long stemmed white roses in a presentation bouquet.

Matron of honor was Mrs. Eldon Young Jr. of Pontiac and bridesmaids were Bonnie Beger of Hinsdale, Mich. and Deborah McPherson of Troy, Mich.

They were attired in two piece floor length gowns of peach colored bonded crepe and they

Mrs. Glenn E. Hahn

carried long stemmed peach roses with moss green streamers.

Flower Girl

Flower girl was Miss Susan Rudd of Whitmore Lake, Mich. and carrying the wedding rings was Timothy Mrock of Orchard Lake, Mich.

Serving as bestman was Warren Ellison of Berrien Springs, Mich. and further attending the bridegroom were Dan Schneider of Livonia, and Don Brokriede of Columbiaville, Mich. Seating the guests were Gregg Otto, brother of the bride, and Gary Hahn, brother of the bridegroom.

Mrs. Otto wore for her daughter's wedding a pale pink linen sheath dress with a matching lace jacket and Mrs. Hahn selected a two piece dress of pale blue lace. Both mothers were presented floral corsages.

Reception

The wedding reception for 150 guests was held in the church social rooms following the ceremony. The newlyweds will honeymoon en route to Loma Linda, Calif., where the bridegroom will begin study at the Loma Linda School of Dentistry.

He is a graduate of the Wisconsin Academy, Columbus, Wis. and attended Andrews University, Berrien Springs for three years.

The bride graduated from Adelphi Academy, Holly, Mich. and has completed a two year secretarial course at Andrews University at Berrien Springs.

PTA Offers Workshops For U.P. Residents

The Michigan Congress of Parents and Teachers is offering leadership training to all interested members of PTA local units and councils.

Six workshops will be held in the Upper Peninsula next week, so located to give each PTA unit the opportunity to attend at least one workshop.

"With a new school year ahead of us, there will be many challenges to the PTA; are you ready to deal with them?" asked Mrs. Niquette.

Main Concern

"The PTA is one of the most important organizations in America chiefly concerned with the problems of children and youth. This is your opportunity to attend the workshop in your area. Bring your ideas and problems to share with others. With the many problems facing today's youth, the PTA has been asked to do everything within its power to help solve some of these problems," she said.

The aim of the Michigan Congress, in its 50th year of progress, is to develop an informed, active membership and to acquaint more and more people with the value and effectiveness of parent-teacher service to children and youth everywhere.

A program has been planned with ample time allotted for the exchange of ideas and problems, if any.

Guest Leaders

Participating in the workshops with Mrs. Leo Niquette, Escanaba, MCPT Region A, Vice President, will be, Mrs. Henry Merdler, of Saginaw, MCPT Leadership chairman; Mrs. William Porter, Clawson, MCPT secretary, and other MCPT state board members residing in the Upper Peninsula.

Workshop Sites

The following workshops will be held: Monday, Sept. 16, Kincheloe AFB, Kinross, from 2:30 to 9 p.m. with a dinner. Capt. A. L. Seda, president, Kincheloe Elementary PTA. Tuesday, Sept. 17, the Immanuel Lutheran

Miss Dugas Honored At Bridal Shower

BARK RIVER — A large number of friends and relatives attended the wedding shower at Andy's Clubrooms Wednesday night honoring Miss Lottie Dugas, who was presented a corsage of white carnations and many gifts.

Cards were enjoyed during the evening. The guest prizes went to Mrs. James Anderson and Mrs. Michael Urbanc. The buffet table arranged by Mrs. John Moniowczak was centered with a wedding cake. Mrs. Ivan Gagne made and decorated the cake. Hostesses were Mrs. Gagne, Mrs. Dan Dugas and Mrs. Hilda Constantineau. Guests attended from Niagara, Wis., Norway, Powers and Escanaba as well as the local area.

Miss Dugas is the daughter of Mr. and Mrs. John Dugas, Sr., of Bark River and will marry Leonard Bjorsen of Norway, son of Mr. and Mrs. William Bjorsen of Norway, on Saturday, Oct. 19, at St. George Church in Bark River. Miss Dugas is employed with Harnischfeger and her fiancé is self-employed.

Gladstone Board Approves Budget

GLADSTONE — The Gladstone Board of Education gave tentative approval to the 1968-69 operating budget calling for expenditures of \$694,941 at its regular meeting Monday night.

A public hearing will be held in the office of the superintendent beginning at 7 p.m. Thursday.

Supt. Wallace Cameron reported that anticipated receipts are \$687,671. Balance as of July 1 was \$77,224 for a total of \$764,895, leaving a contemplated reserve of \$69,955.

Enrollment figures show an increase of 50 students over 1967-68 with 1,449 students as compared to 1,399.

High school enrollment is 803, with elementary students numbering 548 at the James T. Jones School and 98 at the Buckeye School. Last year, the high school had 775 students. There were 528 at the James T. Jones school and 96 at the Buckeye School.

Tuition rates for township students were set at \$120.44, the maximum rate which can be charged under state formula. The rate is subject to confirmation by the Delta-Schoolcraft Intermediate School District.

Algiers Motel Trial Delayed

DETROIT (AP) — A federal hearing has been postponed until Thursday on a motion to suppress evidence in the conspiracy trial of three suspended Detroit policemen and a private guard in the Algiers Motel case.

Due to a lengthy trial in another case, U.S. District Judge Stephen Roth reset the hearing, originally scheduled for today.

An attorney for three of the defendants also has asked that the case be transferred from Detroit to Flint.

Policemen David Senak, Robert Paille, Ronald August and private guard Melvin Dismukes were indicted last year on charges of conspiring to violate the civil rights of persons in the Algiers Motel on July 27, 1967.

Three young Negroes were shot to death in the motel during the morning, which was the fourth day of the Detroit riot.

Defense attorneys have filed on motions to suppress statements made by the three policemen to police investigators following the deaths.

No trial date has been set in the case.

Alfred Krouths Honored On Golden Wedding

PERKINS — A 50th wedding anniversary party and a family reunion were held Sunday, August 18, in honor of Mr. and Mrs. Alfred Krouth, who were married in St. Joseph's Church, Perkins, in 1918. Their attendants were the former Emma Krouth and Fred Krouth. They have a family of five children.

Attending were: Mr. and Mrs. Charles Feeney, Mr. and Mrs. John Schroeder, Gladstone, Miss Beverly LaBumbard, Miss Adeline Mordahl, Mr. and Mrs. Dale Guldswog, Mr. and Mrs. John Pietrantonio, Iron Mountain, Mr. and Mrs. Leslie Varino, Mrs. Ann Varino, Mr. and Mrs. Dick Ducheny and family of Escanaba, Mr. and Mrs. Dick Goodman and family of Green Bay, Mr. and Mrs. Fred Drussart of Black Diamond, Wash.

Mr. and Mrs. Alfred Arvey of Escanaba, Mr. and Mrs. Jack LaFave, Mr. and Mrs. Robert LaFave Jr., Mr. and Mrs. Lowell Cardew and family of Ishpeming, Mr. and Mrs. Robert LaFave Sr. of Palmer, Mr. and Mrs. Neil Bailey of Gwinn, Mrs. Kate Bailey of Moab, Utah, Mr. and Mrs. Zeph Arvey, Mr. and Mrs. Martin Arvey, Mr. and Mrs. Dick Krouth of Brampton, David Bailey, Gwinn and Si Moakie, Gwinn.

Mr. and Mrs. Myron Lorenson of Gladstone, Mr. and Mrs. Alfred Krouth Jr., Rochester, N.J., Mr. and Mrs. Robert Krouth, Mr. and Mrs. Manley Rogers.

Mr. and Mrs. Fred Krouth, Perkins, and Mr. and Mrs. Kenneth Bailey of Union Grove, Wis., were unable to attend. Mrs. Bailey is the former Joyce Krouth.

Throughout the evening and into the early morning, patrol cars—a particular target of the rock-throwers—rushed from area to area at each report of a gathering of youths.

As police arrived, the youths dispersed. Several automobiles, including a number of police cars, were damaged, mainly by rocks thrown through windshields.

Police said they could not pinpoint a cause for the violence.

Job Security Is Offered Teachers To Settle Strike

NEW YORK (AP) — The Board of Education presented a plan for job security to the teachers' union today in an effort to end a strike against the 1.1-million pupil public school system.

A school spokesman said attendance this morning was about the same as Monday, opening day, when less than 55,000 students showed up.

Schools Supt. Bernard E. Donovan said Monday night the board had drawn up "a firm offer of agreement" on the security issue—central to the dispute. The board submitted its proposal this morning without making it public.

Earlier the city obtained a court order restraining the AFL-CIO United Federation of Teachers from continuing the walkout pending a court hearing but union president Albert Shanker said the strike would continue.

President Lives In Student Dorm

ARTESIA, N.M. (AP) — The president of the College of Artesia is living in a student dormitory on campus.

Dr. James E. Gibson, 39, said the temporary arrangement gives him accessibility to students during evening hours when the atmosphere is relaxed and less formal. This, he says, will provide quicker insight into potential campus problems as well as an opportunity to become more acquainted with students.

Mamie Van Doren Files For Divorce

NEWPORT BEACH, Calif. (AP) — Two years after she married a baseball pitcher 13 years her junior, blonde actress Mamie Van Doren says she and Lee Meyers are finished.

Miss Van Doren said Monday night she will file Wednesday for divorce in a Los Angeles court.

She and Meyers, then a 19-year-old pitcher with Dallas-Fort Worth of the Texas League, were married in 1966. He is now a land developer at Huntington Beach, Calif.

Previously Miss Van Doren was married to bandleader Ray Anthony.

Marcus Jailed On Bribe Count

NEW YORK (AP) — Former City Water Commissioner James L. Marcus has been sentenced to 15 months in prison for bribery conspiracy involving kickback deals.

The 37-year-old Marcus, son-in-law of former Connecticut Gov. John Davis Lodge, stood mute in federal court Monday as Judge Edward Weinfeld pronounced sentence. He begins his jail term on Friday.

Weinfeld, in sentencing Marcus, noted that he had pleaded guilty and cooperated with authorities in the prosecution of three other men subsequently convicted in the case.

But, the judge continued, "He was faithless to his public trust and he betrayed the confidence of the friend who appointed him."

Marcus, appointed to his \$25,000 a year post by Mayor John V. Lindsay, had been a Lindsay aide and confidante prior to the conspiracy disclosures.

Marcus also has pleaded guilty to state charges in another kickback case, and faces up to seven years in jail on those charges.

Johnson Flies To Legion Convention

WASHINGTON (AP) — President Johnson took off for New Orleans today to speak at the opening of the American Legion convention which will hear later this week from the three major candidates seeking to succeed him in the White House.

Johnson's plane took off at 11:22 a.m. EDT for the two-hour flight.

The three-day convention will be addressed Wednesday by former Gov. George C. Wallace of Alabama, American Independent party candidate, and Vice President Hubert H. Humphrey, the Democratic nominee. Republican candidate Richard M. Nixon will address the meeting Thursday.

Filtration Plant Plans Reviewed By Commission

Final plans for the proposed water filtration plant were submitted to the Gladstone Commission Monday by Kenneth Anderson, Williams & Works engineer.

Anderson told the commission that plans are 90 per cent complete and will be ready to submit to the Michigan Dept. of Health if voters approve construction of the plant in the special election Sept. 23.

The Commission approved final payment to the Highway Dept. for sewers constructed on M-35 in the amount of \$1,923 and \$14,775 was approved for payment to Northern Michigan Engineers, Inc., Escanaba, for sewers on N. 16th and N. 17th St.

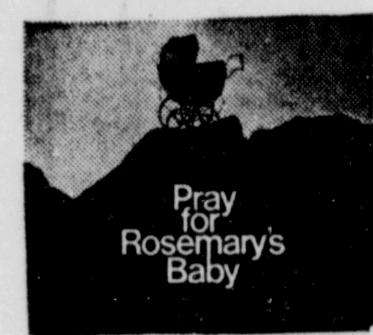

In other business, the Commission authorized placing signs to forbid dumping in the east end of the city beyond the water plant area and approved

The Women's Wednesday

Matinee League will meet at 1:30 p. m. Wednesday at the Midway Lanes. Bowlers are still needed and anyone interested in bowling is welcome to attend.

Wolverines Hold Light Workouts

ANN ARBOR (AP) — The Michigan football squad held a light contact drill Monday as the final two weeks of preseason practice got underway.

Coach Bump Elliott said heavier workouts are planned for the remainder of the week. Elliott said the only member of the squad currently sidelined by injury was defensive back Jerry Hartman, a senior, out with injuries to both ankles.

Michigan opens its season September 21 against California in a game at Ann Arbor.

Taylor Quits Pro Football

NEW ORLEANS (AP) — Jim Taylor hangs up No. 31 for good today. The Associated Press has learned that he plans to announce his retirement from pro football.

A 10 a. m., CDT, news conference was scheduled at the general offices of the New Orleans Saints for Taylor to make his announcement.

He'll be 33 in 10 more days. Behind Taylor are 10 years of glory and records in the National Football League.

Taylor, however, is not stepping out willingly. He insisted to the last that he's every bit as quick, every bit as fast as he was in the 1960 through 1965 seasons, each of which saw him rush for more than 1,000 yards — a record.

After a talk with Saints' owner John W. Mecom Jr. and General Manager Vic Schwenk on Monday, Taylor bowed to the inevitable.

"We had a very friendly meeting," said Mecom. "We discussed several possibilities and ideas, talked about statements made over the weekend and went over a lot of misunderstandings."

The statements and misunderstandings started last week when Coach Tom Fears said he was assigning Taylor to special team duty — the kickoffs and return squads.

Then came a story that Taylor planned to announce his retirement following last Friday night's exhibition game at Shreveport with the Minnesota Vikings.

The Green Bay Packers drafted Taylor off the Louisiana State University campus in 1958. He played out his option with the Packers in 1966. Mecom signed him to a contract that added up to \$484,000, it was learned, for New Orleans' first year in the NFL.

"Jimmy has not been put on any type of waivers," insisted Mecom.

Big Ten

CHICAGO (AP) — Midwest Football Briefs:

NORTHWESTERN—Split end Dave Hallstrand is lost for the season. Hallstrand suffered a knee injury Monday and immediately underwent surgery.

MICHIGAN STATE—Quarterback Scooter Longmire and guard Bill Dawson both suffered bone breaks and could be lost for the season. Longmire's injury was in his right hand, Dawson's in his foot.

MICHIGAN—A light contact drill was the Wolverine order Monday but Coach Bump Elliott promised heavier workouts the rest of the week. Defensive back Jerry Hartmann was sidelined with ankle injuries.

WISCONSIN — Four Badgers, including three linebackers, are sidelined with ankle injuries suffered in Saturday's scrimmage. John Coatta sent the team through a passing drill in the rain Monday.

INDIANA—Guard Bill Paules will miss the opener against Baylor. Paules suffered a shoulder dislocation in Saturday's scrimmage.

OHIO STATE—The Buckeyes worked on their passing game with senior quarterback Bill Long and sophomore Rex Kern doing most of the throwing. Letterman Vic Stottmeyer reinjured his left knee and will be out for at least 10 days.

ILLINOIS — The Illini went through a pair of light practice sessions Monday and Coach Jim Valerik said he was pleased with the drills. Halfback Dave Jackson, a starter, suffered a slight ankle sprain. He was expected to join practice today. Valerik cut his squad down by 20 players to 61 candidates and plans double workouts the rest of the week.

PURDUE — Purdue players concentrated on polishing execution of their offensive and defensive patterns Monday. Coach Jack Mollenkopf said the Boilermakers will scrimmage 30 minutes each of the next three days, pitting the first string against the varsity.

Lolich Hurls Tigers' Win; McLain On Mound Tonight

ANAHEIM (AP)—Denny McLain, with a season record of 28-5, takes the mound for Detroit against the California Angels tonight in his bid to become major league baseball's first 30-game winner since Dizzy Dean of St. Louis in 1934.

McLain faces sensational rookie right-hander, Andy Messersmith, 3-0, but seemed calm about it all Monday night after the Tigers beat the Angels, 6-0.

"Sure, I know I'm getting close," McLain said, "but the pressure hasn't built up the way I thought it would. That's because my main concern has been the pennant."

Dick Tracewski, a man who's been there before, believes the Tigers will beat St. Louis, defending champion in the 1968 World Series and National League leader this year.

"I know what the Cardinals have — I played against them, and I think we have the best team," said the Detroit shortstop Monday night after the Tigers moved a step nearer the American League title.

"It took the Cardinals seven games to beat Boston in the series last year," reminded Tracewski, "and we're a better team than the Red Sox were."

"We have more hitting and better pitching. To me, the key

to beating St. Louis is to keep Lou Brock from getting on base."

The Tigers now lead second place Baltimore by eight games with only 17 remaining to be played and a World Series will be nothing new for Tracewski. He played for the Los Angeles Dodgers in the '63 series against the New York Yankees and in the '65 series against Minnesota. And the Dodgers won the world title both times.

Detroit's "magic number" has been reduced to 10. That means any combination of Detroit victories or Baltimore losses totaling 10 will give the Tigers their first pennant since 1945.

Mayo Smith, the Detroit manager, refuses to claim the championship just yet however. He says the Tigers will start scouting St. Louis "within the next day or two," and concedes that the Tigers will win the pennant if they can capture nine of their last 16 games.

Chiefs' Defense Stops 4th Quarter Uprising

HOUSTON (AP) — Jan Stenerud kicked four field goals and the Kansas City Chiefs won their American Football League opener from the Oilers Monday night.

The victory was achieved, however, only after the Chiefs halted a fourth-quarter Houston uprising, led by quarterback Pete Beathard.

The Chiefs won 26-21 but saw Beathard cut a 19-point Houston deficit with two touchdown passes while missing two others.

Stenerud booted fourth period field goals of 33, 26 and 32 yards to contribute to Kansas City's 26-7 lead.

Houston, held to only 29 yards rushing the first two quarters, caught fire with 11 minutes left in the game. Beathard passed on practically every down, connecting with Sid Blanks, Ode Burrell and Mac Haik.

Beathard completed 23 of 48 passes for 412 yards. The Oilers gained only 55 yards on the ground.

The Chiefs gained 204 rushing with Mike Garrett picking up 53 yards in eight attempts. Len Dawson completed 10 of 18 passes for 78 yards.

National Football League teams, meanwhile, completed the job of trimming their rosters to the 40 players allowed when the season opens this weekend.

Most prominent among those cut was defensive back Ross Fichtner, signed as a free agent by New Orleans after being dropped by Cleveland in the wake of a racial incident.

Fichtner, who is white, was a starting safetyman for the Browns until they dropped him and guard John Wooten. The moves stemmed from a golf tournament arranged by Fichtner to which the Browns' Negro players were not invited. Wooten is now with Washington.

Paul Flately, the NFL's rookie of the year in 1963 when he caught 51 passes for Minnesota, was among four players released by the Vikings. The Green Bay Packers placed Ben Wilson, leading rusher in the Super Bowl, on the injured waiver list.

Tiant Gets 20th As Indians Win

By The Associated Press

Chalk up one more strike for Minnesota's G-Whiz Kid ... and put the rest on Louis Tiant's side of the tally sheet.

Tiant struck out 16 Minnesota batters Monday night and breezed to his 20th victory of the season as the Cleveland Indians trimmed the Twins 6-1.

One of the Twins' five hits off the husky right-hander was a home run by Graig Nettles ... the rookie outfielder's fifth in four games.

Tiant, who has lost nine, became the fifth 20-game winner in the majors and climbed within five strikeouts of teammate Sam McDowell's season high of 25.

Nettles, ninth Minnesota player to hit homers in four consecutive games, matched ex-Twin Jimmie Hall's club record of five in that span.

The American League's top three sluggers also homered. Frank Howard, the major league leader, slammed No. 40 in Washington's 6-2 victory over Baltimore; Boston's Ken Harrelson cracked No. 34 in a 6-4 10-inning nod over Oakland and Detroit's Willie Horton hit No. 33 as the League leaders pounded California 6-0 behind Mickey Lolich's two-hitter.

Tiant, who had won only one game ... and completed none ... since Aug. 10, stymied the Twins after Nettles' first inning homer. He struck out the side three times and fanned 14 through the seventh before tapering off.

The 27-year-old Cuban ace is Cleveland's first 20-game winner since 1962, when Dick Donovan made the charmed circle. Detroit's Denny McLain, Baltimore's Dave McNally, St. Louis' Bob Gibson and San Francisco's Juan Marichal also have won 20 or more this year.

Howard helped the lowly Senators drop second-place Baltimore eight games off the pace with a bases-empty homer in the third after Ken McMullen's three-run first-inning shot shook up loser Gene Brabender.

Rookie Gary Holman added a two-run pinch single in the seventh as Washington snapped a five-game losing streak.

Harrelson and Reggie Smith tagged 10th-inning homers off Oakland reliever Diego Segui after helping the Red Sox send the game into overtime. Both singled and scored on Russ Gibson's eighth-inning double, tying it 4-4.

Dodgers Bomb Cardinals With 8-Run 2nd Inning

By The Associated Press

George Stone's welcome cousin Cecil Upshaw with open arms and Upshaw turned out to be the perfect relative. But not everyone has such relations.

Larry Jaster, for example, usually has a smashing time with his Los Angeles Dodgers cousins, but when he put out his arms to meet Monday night, they kicked him out of his own house.

Everyone was barely seated in Busch Memorial Stadium when the normally quiet Dodgers drove Jaster out with eight runs in the second inning, and went on to wipe out the St. Louis Cardinals 10-1.

It was only their second victory in nine decisions against Jaster, who shut them out a record five straight times in 1966.

But for Stone and Upshaw... well, they had as good a time as they did last Monday when Upshaw came in and saved a victory for Stone and the Atlanta Braves.

This time, the Braves beat San Francisco 2-1 as Upshaw rescued Stone by putting out two unwelcome hitters in the ninth inning.

Elsewhere in the National League, Clay Dalrymple's two-run single sent Pittsburgh away from Philadelphia topped the Pirates 8-7 in 15 innings.

Unitas In Pain

BALTIMORE (AP) — Stoic John Unitas finally had to admit the obvious.

After reinjuring his chronic right elbow in last Saturday's National Football League exhibition against Dallas, the great Baltimore Colts' quarterback relented a bit from his usual noncommittal attitude.

"I'll have to say it hurts more than it ever has," Unitas said of the elbow, which has been bothered for years by tendonitis. "All I know is that I don't expect to be doing any throwing for awhile."

With Baltimore's NFL season opener coming up Sunday against the San Francisco 49ers, that doesn't give Coach Don Shula long to make a decision.

Shula said Unitas won't throw in practice until Wednesday, "and if he can't throw then, we'll try it later in the week. If it's still no good, we'll have to be able to play Sunday."

"Meanwhile, we will get Tom Matte working at quarterback behind Earl Morrall and give Jim Ward a good workout to see if he has recovered from his knee injury."

When Ward, who backed Unitas last season as a rookie, was injured recently, the Colts obtained the experienced Morrall

twilight doubleheader at Cincinnati in the only other games scheduled. The Astros led 3-0 after four innings when the rains came.

Rookie Bill Sudakis, who wasn't around when Jaster was having his laughs with the Dodgers, was the roughest Dodger, turning the game into a rout after Jaster was gone. He climaxed the big noise in the second with the first grand slam homer of his career, off reliever Dick Hughes.

With Jaster still around, Paul Popovich had singled home two runs and Wes Parker doubled for two more.

Taking advantage of all this was Don Sutton, who cut down the Cardinals on six hits to run his record to 8-14. Jaster, who was 2-0 against the Dodgers this season, fell to 9-12.

The victory was the sixth in seven starts for Los Angeles and helped them past the idle New York Mets and out of the league cellar. The loss, on the other hand, was not all that bad for St. Louis, which still lowered its magic number for clinching the pennant to six as the second place Giants lost.

Rookie Stone took care of the Giants with a four-hitter until he welcomed Upshaw with tired arm with one out and one on in the ninth inning. Upshaw responded by striking out Jim Hart and Dick Dietz, and Stone had his sixth victory against three losses.

Joe Torre singled home Atlanta's first run in the opening inning and another scored on a double play in the second, off-setting Willie Mays' 19th homer in the fourth.

Dalrymple gave the boot to Pittsburgh after reliever Bruce Dal Canton opened the door by walking the bases loaded.

The Pirates almost got back in when Chris Cannizzaro tripped in a run in the last of the 15th, but Chris Short struck out Maury Wills for the final out.

Pittsburgh had tied the game with four runs in the ninth on four walks, a passed ball and Roberto Clemente's two-run single.

FINGER TWISTER: Warren Spahn, baseball's winningest southpaw, shows right hander Mike Torrez of the Tulsa Oilers a pitching grip he used while racking up 363 victories. Torrez, a future St. Louis Cardinal, is only 21. Spahn manages the Oilers.

Dizzy Dean Says McLain May Be Hurting Himself

NEW YORK (AP) — "If he has pain," said Dizzy Dean about Denny McLain "he shouldn't pitch. He could be hurting himself permanently and shortening his career."

Dean was referring to McLain's recent admission that his right shoulder was giving him trouble and that his arm was tired. The Detroit ace is within easy striking distance of becoming the first big league pitcher to win 30 games since Dean did it for the St. Louis Cardinals' Gas House Gang in 1934.

"I've watched McLain pitch on television and he seems to be putting too much strain on his arm," said Dean. "He throws a lot with his arm and is not following through with his body. One season doesn't make a career. It happened to me."

Dean, the swashbuckling, fireballing right-hander, was only in his sixth season in the majors in 1937 when he came down with a sore arm that forced him to quit the game four years later.

An injury suffered in the 1937 All-Star game led to Dizzy's premature retirement. He was hit on a left toe by a line drive off the bat of Cleveland outfielder Earl Averill and sustained a fracture. Ten days later, though, Dean was back on the firing line against the Boston Braves.

"I was favoring the toe and in one of the early innings Bill McKeechne, the Braves manager who was on the coaching lines, yelled over to me, 'Jerome, you're going to hurt your arm pitching like that,'" Dean remembered. "Along about the seventh inning, I heard something snap in my arm. I continued to pitch but couldn't throw many fast balls after that."

Dean now has a good-paying job as a telecaster of the Atlanta Braves' ball games. "Yeah," he chuckled, "but when I won 30

Pick Candidates At UAW Confab

DETROIT (AP) — United Auto Workers located in Michigan will decide in a statewide meeting at Detroit's Cobo Hall Sept. 22 who they favor for the U.S. presidency.

The 1.6 million-member UAW recently called off a nationwide convention planned in Detroit next Saturday for a decision on which candidate will get the union's official endorsement.

Steuben Day Set

LANSING (AP) — Gov. George Romney has proclaimed Sept. 17 as Steuben Day in honor of Gen. Frederick William Von Steuben, a German-born officer who served under George Washington in the revolutionary war.

Romney also proclaimed Oct. 6-12 as Orchid Week and Feb. 24-28, 1969, as Michigan Foundry Week.

portation, lodging, lost time and other expenses.

Secret Ballot

In canceling the nationwide gathering, the UAW said there would be regional meetings, instead, with statewide meetings in Ohio and Michigan and delegates voting, as previously planned, by secret ballot.

The union said Ohio and various regions outside Michigan would set their own meeting dates and votes would be accumulated and announced from national headquarters here.

The UAW said delegates attending state and regional meetings would be those selected to attend the biennial convention in Atlantic City last April, plus presidents of locals and amalgamated unions who were not Atlantic City delegates.

Democrats customarily get the endorsement of the UAW. A prenominating poll of the UAW's 26-member international executive board showed a majority favoring Vice President Hubert H. Humphrey over the late Sen. Robert F. Kennedy. No one named former Vice President Richard M. Nixon, now the Republican nominee.

Flint For Wallace

UAW President Walter P. Reuther has not yet disclosed a choice.

With only about 200 of its 5,000 members attending, Ternstedt Local 326 of Flint, Mich., voted Sunday in favor of third-party candidate George C. Wallace, former governor of Alabama.

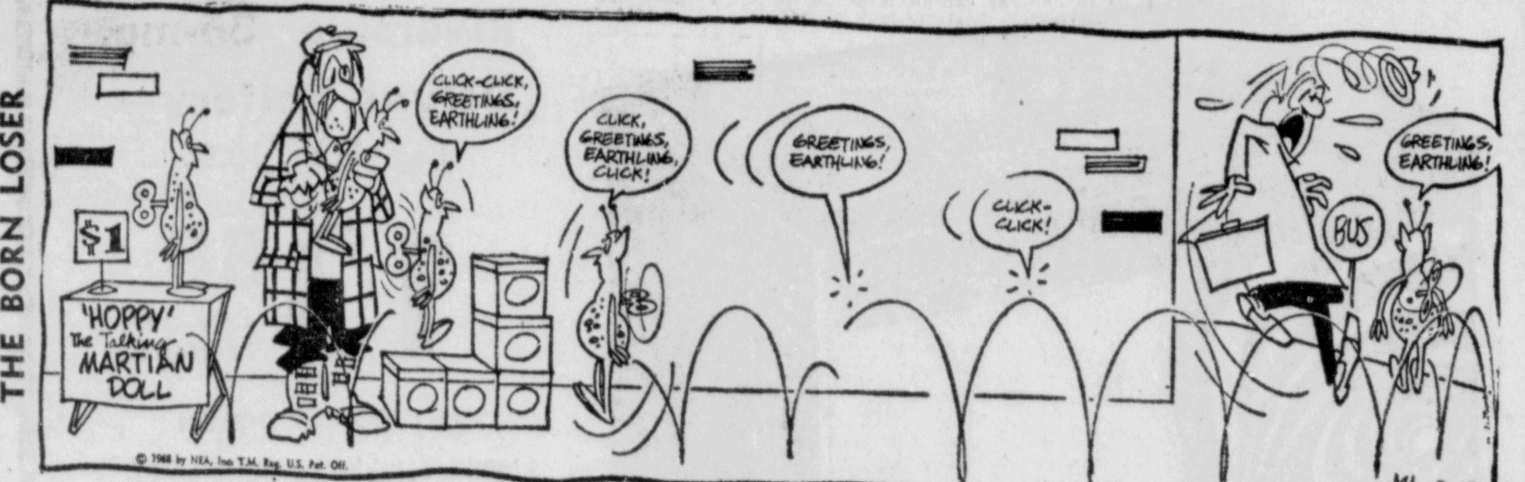

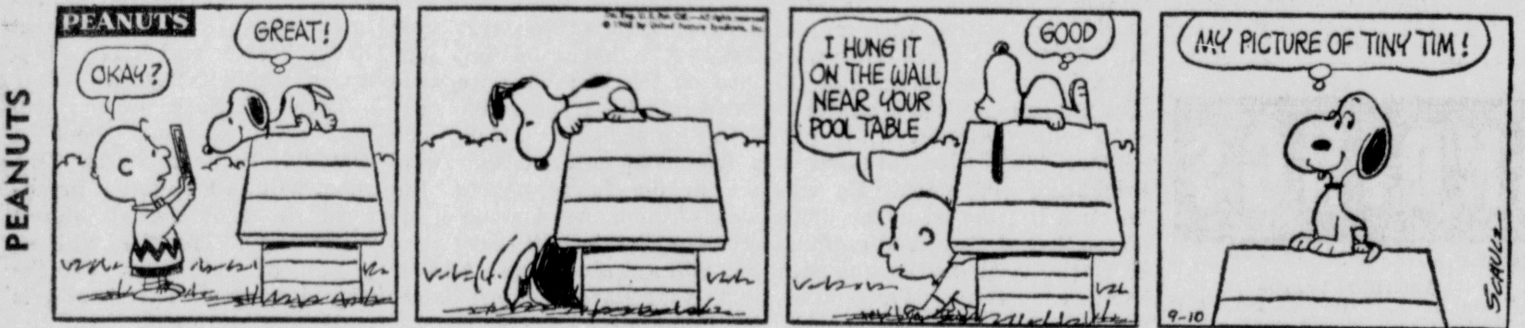

Actress Kicking

ROME (AP) — Anna Magnani kicked and kicked and when it hurt she kicked again for the motion picture cameras at the man under her bed.

And when she finished kicking, Miss Magnani, 60, went to a doctor who told her she had broken her foot.

"It hurt, but I kept kicking my screen husband as I was supposed to," she said.

Her screen husband for the film "The Secret of Santa Vittoria" is Anthony Quinn but a double was under the bed during the kicking.

Refugees Boast Cuban Sabotage

MEXICO CITY (AP) — A man who said he represented an organization called "Cuban Power" said his group took credit for a bomb blast in Camaguey, Cuba that the government of Prime Minister Fidel Castro said destroyed \$1.5 million in clothes and fabric.

The Communist party newspaper Granma said in Havana Monday that the explosion and fire over the weekend was "apparently caused by criminal activity of the enemy." The blaze was in a government supply depot.

In a call to The Associated Press bureau here, a man who identified himself as Ernesto said his organization had previously planted a bomb on a British freighter carrying goods to Havana.

Arson Involved In Kalamazoo Fires

KALAMAZOO (AP) — Two warehouses and a vacant house were damaged by fires which authorities say were the work of arsonists Sunday night.

The two warehouse fires were attributed to Molotov cocktails. Damage to the vacant house was so extensive it was impossible to learn what started it, but several pieces of a bottle found in the ruins led firemen to suspect the cause likely was a firebomb.

2 U.P. Schools Remain Closed

By The Associated Press

The Riverview Board of Education and 167 striking teachers faced a court appearance today in the wake of failure to get together on a contract agreement that would allow pupils to end their summer vacations.

The dispute was just one of seven in the state, idling nearly 2,300 teachers and affecting some 55,000 children. Six of the disputes were in Wayne County and one was in Soscoda, Iosco County.

In addition, school has not started in the Adams Township schools in the Upper Peninsula for want of a school board and in De Tour because of previous refusal by voters to approve a needed millage proposal.

The two-year tax was approved Monday night, however, and schools were expected to open today for 450 children.

A hearing on the Riverview situation was scheduled for Monday, but it was postponed to allow bargainers to meet with a state mediator. The board of education has asked for an injunction forcing the teachers back to work while negotiations continue.

The Riverview teachers, like those in Lincoln Park, Northville and Oscoda, are represented by the Michigan Education Association. The Michigan Federation of Teachers bargains for teachers in Ecorse and Taylor.

Teachers in Galadwin have agreed to return to work despite the fact that they have no contract.

A tentative agreement has been reached in Oscoda, but there has been no word on ratification.

New Stamp To Honor Disney

MARCELINE, Mo. (AP) — A commemorative stamp honoring Walt Disney will be issued Wednesday in this north-central Missouri town of some 3,000 persons where Disney spent part of his boyhood.

Honoring the cartoonist and moviemaker will be Disney's widow, his brother, Roy Disney; Postmaster General W. Marvin Watson, Gov. Warren E. Hearnes, Sen. Edward V. Long, Rep. W. R. Hull Jr., and John S. Reed, president of the Santa Fe Railway.

The governor has proclaimed Wednesday Walt Disney Day.

The multicolored 6-cent stamp depicts Marceline as it appeared when Disney lived here from age 5 until he was 9.

The figure of a boy is shown in the foreground sketching on a pad as he dangles a fishing pole in a creek. In the background is a farm scene, a coal mine and a train.

Disney was born in Chicago in 1901. He died Dec. 15, 1966.

Columbia U. Asks Courts To Drop Trespass Charges

NEW YORK (AP) — Columbia University officials, in an effort to insure campus calm this fall, have asked the courts to drop criminal trespass charges against some 400 students arrested during last spring's demonstrations.

In a statement issued Monday, the school said it would "request the courts to exercise maximum leniency, including immediate dismissal of criminal trespass charges, if the court deems it necessary."

William E. Petersen, chairman of the board of trustees, said the trustees hoped the step "will help alleviate the tensions arising out of the arrests and charges and pave the way for effective action."

The 400 students were part of the more than 1,000 students, teachers and others arrested during demonstrations that grew out of protests against the construction of a gymnasium in nearby Morningside Park, and university ties with an agency doing research for the Department of Defense.

DeMolay Honors Gerald B. Ford

GRAND RAPIDS (AP)—The Michigan Order of DeMolay presented Rep. Gerald B. Ford, R-Mich., with its "Honorary Legion of Merit Award" and elected Gerald E. Smith, 20, of Coldwater, its state master counselor at a weekend convention in Grand Rapids.

The fraternal order, sponsored by Masons, adopted resolutions deploring riots and unlawful protests.

Chosen to serve under Smith were Rodney Drummond, 17, of Sturgis, deputy master counselor; Lawrence Carver, 20, of Detroit, senior counselor; and David Brown, 19, of Dearborn, junior counselor.

The DeMolay's 50th convention drew some 1,000 delegates from across the state.
